

Code List N: Complications

CODE	COMPLICATION
	Cardiovascular
	Arrhythmia (only record if requires medication or treatment)
N-001	Atrial fibrillation
N-002	Atrial flutter
N-003	Supraventricular tachycardia
N-004	Sinus node dysfunction (requiring pacing)
N-005	Atrioventricular block (second or third, not first)
N-006	Ventricular tachycardia
N-007	Ventricular fibrillation
N-011	Cardiopulmonary arrest
N-012	Hypotension requiring some intervention
N-013	Low cardiac output treated with IV inotropic agents
N-014	Pericardial effusion
N-099	Other
	Respiratory
N-101	Respiratory failure treated with mechanical ventilation
N-102	Pulmonary edema
N-199	Other
	Neurological
N-201	Abnormal head CT scan
N-202	Abnormal head MRI scan
N-203	Coma
N-204	Intracranial bleeding (confirmed by imaging)
N-205	Seizure(s) - definite (EEG or obvious motor)
N-206	Stroke (confirmed by imaging study)
N-207	Syncope
N-299	Other
	Gastrointestinal
N-301	Cholestasis (Direct bilirubin > 4)
N-302	Hyperbilirubinemia (requiring phototherapy or direct bilirubin > 5)
N-303	Liver failure (AST, ALT or GGT >500)
N-399	Other
	Infectious
N-401	Endocarditis
N-402	Line infection
N-403	Sepsis, confirmed (positive blood culture, not line infection)
N-404	Sepsis, suspected (antibiotics started)
N-499	Other infection
	Renal
N-501	Acute renal failure (creatinine > 1.5 or tripling of baseline value that was reversible)
N-502	Chronic renal failure (creatinine > 1.5 or tripling of baseline value that is not reversible)
N-503	Hemodialysis
N-504	Peritoneal dialysis
N-599	Other

Code List N: Complications

CODE	COMPLICATION
	Hematologic
N-601	Thrombus/thromboembolism
N-699	Other
	Other Complicaton
N-999	Other
